

## WiMAX Networks

Bridgewater Systems is the leading provider of subscriber data management, network access control and policy control (PCRF) products that enable mobile personalization for WiMAX operators. Chosen by more than 35 WiMAX operators around the globe—including Sprint Xohm and Tatung—Bridgewater helps WiMAX operators accelerate and derisk commercial deployments with a broad portfolio offering that provides the foundation for service innovation and business growth.

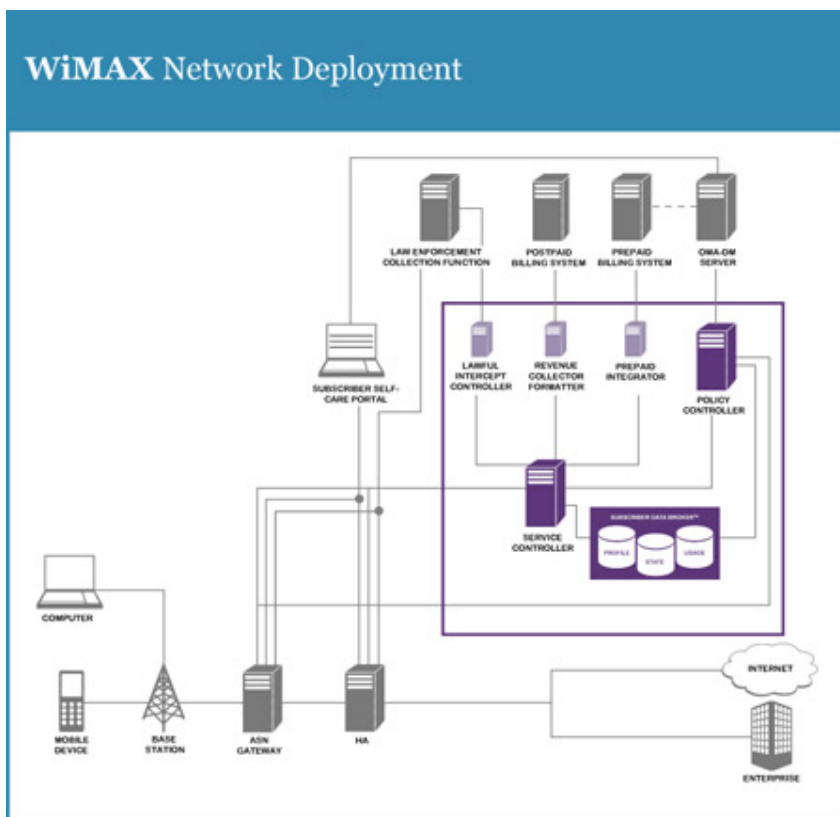

The Bridgewater® ServiceMAX 500 is a pre-integrated system combining key WiMAX CSN functionality such as AAA, DHCP, pre-paid and post-paid accounting and is specifically designed to meet the needs of small- to mid-sized WiMAX service providers.

### Why Bridgewater for WiMAX Service Providers

- Bridgewater is a credible, experienced and insightful vendor. The company’s extensive experience in early mobile WiMAX affords our customers unique insights into the hidden complexities of WiMAX, which helps operators derisk their deployment.
- Bridgewater’s best of breed solutions offer broad interoperability in multivendor environments—a future-proof solution that allows operators flexibility in their choice of equipment vendor partners.
- As a principal member of the WiMAX Forum, Bridgewater is actively involved in driving standards for network access and policy.
- World class partners – Bridgewater’s solutions have been selected by some of the world’s leading telecommunications infrastructure suppliers to augment their portfolio of best-in-class WiMAX solutions: Motorola, Alvarion, and Alcatel-Lucent , and regional partners.
- Bridgewater is a leader in innovative WiMAX solutions such as casual user daypass, over the air device and subscriber provisioning, as well as lawful intercept services in WiMAX.

### Bridgewater in WiMAX Network

Bridgewater offers a comprehensive portfolio of carrier-grade products proven for the most demanding WiMAX deployments.
